## SUMMARY

I am a 3rd-year undergraduate studying Computer Science and Statistics at the University of Illinois, at Urbana-Champaign. My interests lie in machine learning applications and low-latency computer systems. I am looking to learn as much as possible through an internship or research opportunity.

## EDUCATION

University of Illinois, at Urbana-Champaign, graduation: May 2018  
B.S. **Computer Science** and **Statistics**, minor: Mathematics

Courses completed:

Data Structures	Computer Architecture
Systems Programming	Computer System Organization
Calculus I, II, III	Statistics and Probability I, II
Applied Regression & Design	

Courses in progress (to be completed prior to summer):

Parallel Programming	Programming Languages & Compilers
Advanced Data Science	Numerical Methods
Statistical Programming Methods	Fundamental Mathematics

## EXPERIENCE

Technical Analyst Intern, June 2015-August 2015

NetImpact Strategies, Vienna, VA

- Implemented CRM system (SplendidCRM) for client and specialized it according to client's requirements
- Planned and led transition in productivity suites from Google apps to Microsoft 365 for 80+ employees

## PROJECTS

- MIPS-Interpreter [WIP]: an interpreter for a subset of the MIPS instruction set. written in C.
- Dynamic-Memory-Allocator: implemented malloc, calloc, realloc, and free with an implicit free list, block coalescing, and block splitting. written in C.
- Transit-Alarm: android app to alert user based on GPS location rather than time. written in Java.
- Shoe-Bot: script to automate the add-to-cart process on [nike.com](http://nike.com) and [adidas.com](http://adidas.com). written in Python.

## LANGUAGES/TOOLS/SKILLS

- Languages: C, C++, Java, Python, R, Verilog (for hardware description)
- Tools: git, svn
- Skills: UNIX shell programming, statistical modeling, networking (TCP/UDP), android application development, web-scraping, browser automation

## AWARDS

- Eagle Scout - Boy Scouts of America, 2014
